Hello,

We all go through times when we could use a helping hand. If you are looking for resources or support, this booklet is a great place to start.

While some of this information is only for eligible current and former foster and probation youth, most of it will be useful to any transition age youth (16 to 24).

You are not alone! There are agencies in this community that will be able to offer you some help and are just waiting for you to make contact with them.

Disclaimer and Credit

*This booklet is **not** a comprehensive guide to all of the service providers in and around Alameda County. It presents organizations that Beyond Emancipation (B:E) has worked with or researched. Please note that the booklet is updated periodically and you can contact B:E to request the most recent version. You can also find this in PDF format online at:*

www.beyondemancipation.org

If you feel as though an organization has been left out or that information is inaccurate or outdated, please contact us with your suggestions (info@beyondemancipation.org).

Thanks to our staff for researching, compiling, and updating this resource guide. Thanks also to Casey Family Programs for their encouragement to develop the booklet for broader circulation and for financial support for printing its earliest editions. Most of all, thanks to the transition age youth for their courage and determination.
